DETAILED WORKSHOP CONTENT

◇ **Understanding My Business Better**

What is the best business structure (Sole trader or Company)?

How should I fund/finance my business?

Who is on my business team and what do I need from my business advisor?

How can I better manage my business risks? (ACC, and Insurance balance)

What is Business Performance, Financial Position, Cashflow and Equity?

◇ **Using Digital Accounting Technology to Support My Business**

How do I get set up on Xero ([live demo](#)) and what are the costs?

How to prepare my GST return and file online using Xero?

How do I check how my business is going and how much tax I have to pay

How much of the money in the bank is mine and how much is the IRD's?

How can I budget or project my financials out into the future?

How do I get on the road to becoming paperless?

What are some great apps to use to help me run my business?

◇ **Everyday Midwifery Business Taxation including;**

General Tax Considerations (Income Tax and GST)

Specific Tax Considerations including;

Depreciation, Vehicle Costs (Travel Log), Travel and Subsistence

versus Entertainment, Home Office Claim, Communication,

Health and Wellbeing, Workplace clothing and footwear

Kiwi Saver

Latest Tax Updates

The workshops will be hands on and to the point around running a community midwifery business in New Zealand including a practical live look at Xero so that you can see first hand how this application can make a significant and positive change to your business.

Helping to save you time, \$, and better manage
business risk so that you gain peace of mind
